

A Look at Overwatch Support

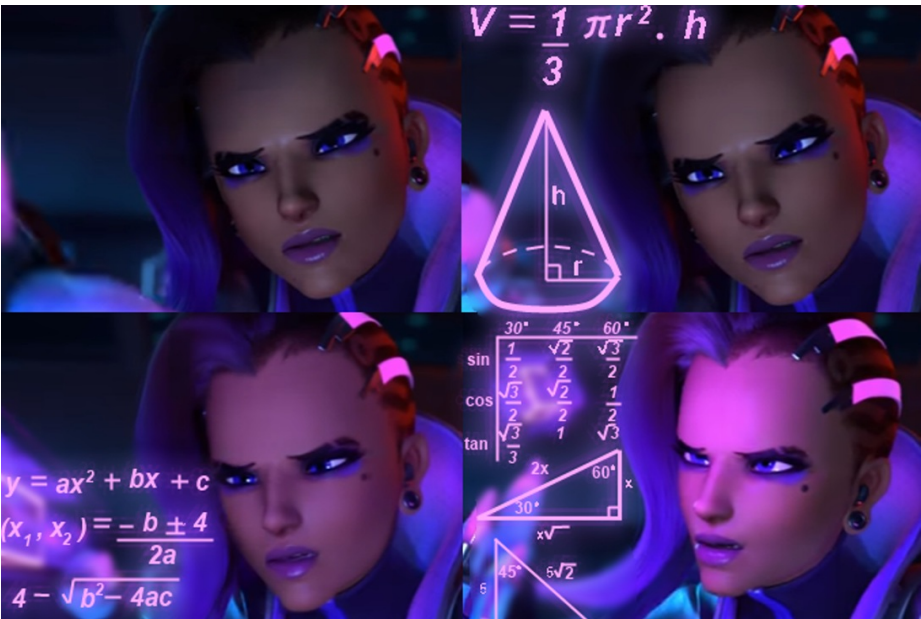

The FPS genre has always been a subset of games that managed to hold my attention. From the days ..

As you can see here the data for the average win rate of the support characters doesn't really tell us muc...

After accounting for some outliers, this perspective reiterates the points previously made about Symm...

Now this stacked graph shows something I find quite interesting. Ana and Zenyatta are as popular (or in ..

So what has this little journey taught us? ..
